Welcome ORIENTATION

EARLY ACADEMIC OUTREACH PROGRAM

UNIVERSITY OF CALIFORNIA RIVERSIDE • 6:30PM – 8:00PM
“Without EAOP I think I would have attended a community college and would have gotten confused in the mayhem of trying to transfer out. Because of EAOP, I was given the chance to apply to the University of California and was accepted to UCLA.” – Jose C.

“I highly appreciate EAOP because coming from a family that cannot assist me with the process and having no older siblings to guide me makes it hard on me when it comes to college applications. Once again, thank you and I loved all the activities though I wish it could have lasted a little longer. You are definitely making a change in this world...” – Sarai F.
I am committed to EAOP because...

'I love EAOP because... it allows me to empower students who don't always believe in themselves.'

'I love EAOP because... I love helping others actualize their potential!'
The Early Academic Outreach Program (EAOP) was established in 1976 by the University of California (UC) to increase the number of students from underserved schools and communities who have the opportunity to achieve a college education.
ACHIEVE UC!

- UC Blue & Gold Opportunity Plan
- #1 Public Institution in the world
- 1/3 of UC students transfer from Community College
- Expanding admissions to accommodate more students
